Cynthia R. Hyde
Town of Thurman Supervisor
STATEMENT OF TOWN OF THURMAN SUPERVISOR

A town supervisor has certain responsibilities, all of which I have been fulfilling for the last year. Unfortunately, recent actions taken by the new town board have compromised my ability to continue to do so. Therefore, I wish to inform my fellow board members and the public of some of the newly imposed constraints and how this office will have to deal with them in an effort to continue to meet our legal obligations.

The supervisor's office has been severely compromised by the recent decision of Councilwoman Gail Seaman, Councilwoman Brenda Ackley and Councilman Doug Needham to lower the hourly rate and hours of the supervisor's confidential secretary even though the approved and funded town budget for the year 2018 appropriated the funds for a full time confidential secretary with benefits.

Due to this unnecessary decision to cut funds supporting this office and due to the undermining and dismantling nature of the many recent decisions by Councilwoman Gail Seaman, Councilwoman Brenda Ackley and Councilman Doug Needham I will not be able to comply with the following resolutions or parts of resolutions:
Resolution # 4 2018 - Prepayment of utility bills, fuel and postage only

The supervisor's office will also prepay the following as they are not subject to approval and are contractual.

Blue Cross Blue Shield — Health — partially paid by employees CDPHP
Dental-paid for by employees
Aflac — paid for by employees
Empire — Vision-paid for by employees
NYSHIP — Retiree Health
Workers Comp — self insurance
Shelter point — disability
Federal taxes
State Taxes

Resolution #12 Preparation & Presentation of reports to the board

The supervisor's office will prepare reports as directed by Town Law. The supervisor's office does not have time to make copies or scan copies of records and is not required by law to do so. Councilman Needham and Councilwoman Ackley have both been told that they may come to the town hall and look at any and all records. Due to the unnecessary cuts in support staff they must view records when the supervisor is available. They may not take the time of the supervisor's confidential secretary.

Due to the rude behavior of Councilwoman Seaman during the last visit she and her son made to the supervisors office and due to the fact that she or her son secretly audio...
recorded our conversation and then posted the audio on social media along with a degrading statement, Mrs. Seaman will need to make arrangements with the town clerk’s office to view records. Mrs. Seaman is not welcome in the supervisor's office.

Resolution # 14 Adjusting & Deleting positions

RE: Directive - Copies for board members of time cards and payroll summaries given weekly by their preferred method

The supervisor's office will prepare reports as directed by Town Law. The supervisor's office does not have time to make copies or scan copies of records, is not required by law to do so and is not required to fulfill board members demands to make deliveries of copies of records to board members by their preferred method.

Resolution # 16 Resolution Amending Bank Transfer policy

RE: Directive — Deliver copies of the confirmation of any bank transfers to each board member by their preferred method.

The supervisor's office will prepare reports as directed by Town Law. The supervisor's office does not have time to make copies or scan copies of records, is not required by law to do so and is not required to fulfill board members demands to make deliveries of copies of records to board members by their preferred method.

Resolution # 18 Resolution to Rescind Resolutions

In order to uphold the fiscal responsibilities of the supervisor's office and in order to be responsible to the public the supervisor's office cannot comply with rescinding the following resolutions approved by the prior board.
From 12/21/17

1. Budget adjustments approved by the 2017 town board per resolution #192-2017 will not be undone.
2. The 2017 town board approved separating the highway fund from the consolidated fund per resolution #193-2017. The highway fund was separated from the consolidated fund on 12/29/17 on the advice of the NYS Comptroller's Office and will not be undone.
3. The intermunicipal agreement approved by the 2017 town board per resolution #189-2017 between Town of Warrensburg and Town of Thurman for use of their trained water district employees to service the Thurman water supply infrastructure has been made and signed and will stand.

From 12/28/17

1. The prior board accepted the quote from Colvin Computer consulting and approved the purchase and installation of computers, printer and server per resolution #204-2017. This decision was put into action in 2017, computers, server, printer and installation supplies were ordered and the installation is proceeding. This decision will not be undone.
2. The 2017 town board approved an advance of $64,440.21 from the savings account to the highway fund per resolution #199-2017. This advance was made on 12/29/2017 and the funds used for the intended purpose as outlined in the resolution. This decision will not be undone.
3. Budget adjustments approved by the 2017 town board per resolution #208-2017 were made and will not be undone.
4. The prior board accepted the quote from G. A. Bove per resolution #209-2017 and approved the purchase and installation of a new tank and relocating existing tanks. This decision was put into action in 2017 and the new tank and supplies ordered. The new tank has since been installed and
existing tanks have been moved supplying fuel to the new generator. This decision will not be undone.

5. The 2017 town board approved the purchase and installation of a surge protector per resolution #198 -2017. This decision was put into action in 2017. The surge protector was purchased and installed and will not be removed.

Resolution # 19 Resolution to return reserve funds

RE: Directive — return $8,223.00 to reserve fund from A1440.4 Engineer

In order to uphold the fiscal responsibilities of the supervisor's office and in order to be responsible to the public the supervisor's office cannot comply with this resolution for the following reasons.

1. The town of Thurman does not have a legitimate reserve fund.
2. The $8,223.00 paid to Fred Engelmann was taken out of the savings account.
3. A1440.4 Engineer is an appropriation (an estimate) not cash.
4. The NYS Comptroller's office was called and this resolution was read to them. They advised that cash cannot be put into a savings account from an appropriation because an appropriation is not cash it is an estimate.

Resolution # 20 Resolution to direct the supervisor regarding timely billing

RE: Directive — Provide list of subscriber's copies of billings, notice of each new service request, tentative dates for hookup and copies of cpe purchase paperwork, full inventory, CPE numbers of all whitespace equipment.
The supervisor's office will prepare reports as directed by Town Law. The supervisor's office does not have time to make copies of records or White Space billings or scan copies of records and is not required by law to do so. The supervisor is not the whitespace operator and does not keep track of tentative dates for hookup of new white space service. All Town of Thurman white space equipment was purchased by the prior town board prior to 2017. Any purchase paperwork, inventory, cpe numbers of all whitespace equipment all of which was purchased prior to 2017 should have been filed with the town clerk's office. As the previous town clerk serving from 2008 to 2015 I can vouch for the fact that none of these records were filed in the town clerk's office during my time as town clerk. No new equipment was purchased in 2017 except for a radio to replace the Combs Road Pole radio that wasn't working per Resolution # 140-2017

RESOLUTION TO PURCHASE RADIO FOR COMBS ROAD WHITESPACE POLE

The town board of the Town of Thurman approves the purchase of an Ubiquiti Networks Rocket M900 -us 900MHZ Rocket M900 2x2 MIMO and an Ethernet cable for the Combs Road White space pole.

Resolution #24 resolution to correct advance to highway

RE: Directive - To hold a permissive referendum for $64,440.21 advanced to highway and for the supervisor to provide an itemization of what the $64,440.21 was spent on.

In order to uphold the fiscal responsibilities of the supervisor's office and in order to be responsible to the public the supervisor's office cannot comply with the preceding directive from resolution #24-2018 for the "following reasons

1. The advance to the highway from the savings account not a reserve fund was made based on the recommendations of the NYS Comptrollers Office and a permissive referendum was not necessary.
2. The supervisor's office will prepare reports as directed by Town Law. Resolution #199-2017 below describes what the advance, funds were used for; this information is and has been available for some time on the Thurman Town Website.

Resolution # 199-2017

TOWN OF THURMAN ASSESSORS OFFICE

Thurman Town Board
Athol, NY 12810-0029

Dear Councilman Needham, Councilwoman Seaman and Councilwoman Ackley:

I would like to comment on your regrettable decision to eliminate the Assessor's Clerk position.
I wish that you had extended to me the courtesy of at least discussing this change prior to your vote.

Some of the things clerks assist with are: exemptions (at the time of this change, we had 200+ exemptions out, which must be verified as to eligibility and filed by March 1); recording of deeds, property splits or consolidations, building permits, etc. We have 140 active building permits, including several new homes, to be inventoried and added by March 1.

The clerk was available to respond to taxpayers' questions. She had 16 years of experience as an assessor as well as 2 and 1/2 years in Warren County Deeds and Records and 6 years as Thurman Town Clerk (26 years of service to the Town of Thurman), over 40+ years as Notary Public.

At the time of her dismissal, we had begun training with LUCA, in preparation for the next census. Accurate census figures determine aid to the Town, and since Thurman addresses are Warrensburg or Athol, this may lead to confusion and loss of funding.

Sincerely,

Thomas Birdsall, Assessor

Susan E. Staples
Town Clerk, Town of Thurman
PO Box 29
Athol, New York 12810

STATEMENT FROM THE THURMAN TOWN CLERK

At last month's Organizational Meeting there were resolutions passed by the majority of the Town Board. Some of these
resolutions are having a negative impact on how this office operates.

Resolution #14 Resolution Adjusting and Deleting positions. This resolution took away the pay for the position of Deputy Town Clerk. There are funds in the budget for this position. We are extremely fortunate to have a Deputy who is knowledgeable about not only this office, but a lot of matters that happen on a day to day basis in the building. By voting to make this an unpaid position you are expecting someone to work for free which basically eliminates this position. This is resulting in more work and less man hours in which to do this. This resolution is having a negative impact in the office of Town Clerk. This is a vital position where the clerk not only covers the office when the town clerk is away, but she also serves as an internal systems of checks and balances. This office cannot operate to its full capacity without a paid clerk.

COMMITTEES: The Supervisor made the following appointments Councilwoman Harris was appointed to Youth Events and Highway. She will oversee youth parties and make sure receipts are brought in and reports are done. For the Highway Department she was asked to communicate with them and report on their needs, and maybe report on what they are doing. Councilwoman Ackley was appointed Personal Committee and asked to come in to each office once a month to hear their concerns and needs and to bring those in a report at the monthly meetings. Councilman Needham was appointed to Building and Grounds committee and was asked to assess the basement and come up with a plan to clean and organize the basement. He was also asked to check the
playground equipment for safety and to report on any possible repairs or upkeep. He was also asked to find out what the guidelines were for safety on the playground. **Councilwoman Seaman** was appointed to the **Landfill** committee and asked to conduct audits on garbage bag stickers and to do periodic reports on the C&D. **Councilwoman Seaman** continued to interrupt the Supervisor as she made the appointments.

**OLD BUSSINESS:** **Supervisor Hyde** said she had a letter from **Perky Granger** regarding the **Summer Concert Series**. She then read the letter. She went on to explain that there were some changes made this year regarding the concerts. **Councilwoman Seaman** started to speak out of order and the Supervisor had to remind her that she was the Chairman, and that she needed to wait and that she (Supervisor Hyde) was in charge of the meeting. **Councilwoman Seaman** asked why she didn’t shut up for a minute. Thank you and proceeded to talk. **Supervisor Hyde** told her that we could not have a conversation while she talked like that. She asked that the meeting be paused 8:06 while **Councilwoman Seaman** spoke out of order. The meeting resumed at 8:08. **Supervisor Hyde** proceeded to explain the process in which the musicians are paid for the concerts. The organizer hires the band, but they never have access to the funds for events. They organize contracts and vouchers, and that the Supervisor pays the bands on the night of the performance. **Supervisor Hyde** noted that the funding for the concerts had already arrived, and **Councilwoman Seaman** wanted to see a proposal for the concert series. The Supervisor noted that the Board does not see proposals from the TSA. Discussion ensued. The Supervisor asked **Joe Groff** to come up and speak. **Mr. Groff** started to speak about the plans that he had hoped to carry out regarding the selection of bands for the concerts. He said that it was too late to try and book a big name act as they tend to book 12 months in advance. He also noted that in the past there was $13,000.00 for the concerts and no one was ever told where to spend it or how to spend it. He stated that he never wanted to have access to the funds, but was hoping to perhaps bring in bigger name bands. He said that the next thing that he knew there was a resolution written with his name in it stating what he should spend and he was never notified by the board about the resolution. **Councilwoman Harris** pointed out that it was **Councilwoman Seaman’s** resolution. When **Councilwoman Seaman** started to speak **Mr. Groff** told her to shut up. He started to speak about
his plans when he was again interrupted by Councilwoman Seaman. Supervisor Hyde told her that she was not in charge of this meeting, and that Mr. Groff was talking. Councilwoman Seaman continued to speak out of order while Supervisor Hyde asked for someone to bring a motion to the floor rescinding Resolution # 17. Discussion ensued. Mr. Groff spoke about the problems he has encountering booking bands with the new constraints in place. Councilwoman Seaman said she heard that he only wanted to do 4 concerts. Both he and the Supervisor asked where she heard that, and she said out and around. She was informed that was not correct. Mr. Groff told her that if she had questions she should have contacted him for information, and he noted that she had made no attempt to do so. More discussion ensued.

WHITESPACE: Discussion on whether to hire Fred Engelmann to run the Whitespace system or if it should go out for bid. It was decided that it should be put out for a bid. Supervisor Hyde said that she would ask Mr. Engelmann what technical requirements may needed to be meant of an operator to do the job. Councilwoman Seaman felt that he was not the proper person to ask, and stated that there was an older proposal that could be used to find an operator. It was noted that a Whitespace committee had been formed, but was done away with at the Organizational Meeting. Discussion continued on about Whitespace. The Supervisor noted that there was progress getting people to pay their bills. Councilwoman Harris noted that the people she spoke to didn’t want Whitespace. She also said that Spectrum had plans to come into town with the
intent of hooking up to 75% of the residents by the end of the year. An automated invoice system was also discussed.

Annual audit of Town Clerks books:

A common fiscal annual audit of the Town of Thurman Town Clerk’s books was performed on 1-16-2018 by Town Board Member Joan Harris and assisted by Mary Eddy. All books were found to be accurate and mostly up to date. A check off list was provided by the Office of the State Comptroller and utilized.

The following was noted and reported:

Cash receipt numbers should be included on the Daily Reports to help audit and provide accuracy and accountability.

When making corrections they need to be legible, dated and initialed.

Deposit memos should be posted in the same month as deposited.

(Hard to do when more deposits were made than checks written.)

Deposits are off by $195.07. It is being corrected.

This information has been given to the Town clerk and being considered and corrected.

Thank you

Joan Harris

A Letter to the Thurman Town Board

Re: Summer Concerts

Dear Neighbors,

As a 43-year resident of Thurman and a longtime volunteer promoting Thurman and her special happenings, I’d like to briefly comment on the concerts planned for this summer. I have attended many of the usual nine summer concerts each summer, and worked the concession stand for a few. I’ve enjoyed the music, the sharing of time with people in town, meeting and getting to know some of the musicians. I have been dazzled by the 20-minute fire-works displays (although flabbergasted by the cost). We have been fortunate to have this program in town.

This year a local resident volunteered to organize this summer’s concert program and to lend his years of experience as a musician, sound man and event organizer to our community. He had had considerable success bringing a nationally-known performer to the stage at Tannery Pond, where the venue was overfilled with fans. He thought it would be great for Thurman to offer an occasional big-name performer or group, as a way of bringing in more tourists and others from out of town for the shows, in keeping with the goal for occupancy tax expenditures. To do this and stay within the budgeted amount of $15,000, he would likely have to schedule fewer concerts. He might opt not to schedule fireworks. In short, he had a new idea.

His innovation seems to have been met by a good deal of resistance, even before anyone even spoke to him to learn what he had in mind or why. It was a rough way to treat someone whose sole goal was to offer good entertainment in our town.

This story, for me, isn’t about four concerts versus six concerts or nine; it’s not about fireworks versus no fireworks. This is about our community’s being willing to consider new ideas, being willing to reach out and communicate questions or ideas to clear up misunderstandings instead of shooting from the hip—especially not shooting a volunteer, as there are far too few of them, and much too much work to be done. I hope all of us can listen closely to both sides of this discussion and work out a solution that is good for our Thurman this year. The concert matter needs to be settled very soon.

Thanks,
Perky

Town Clerk
Town of Mendon

The staff of the Committee on Open Government is authorized to issue advisory opinions. The ensuing staff advisory opinion is based solely upon the information presented in your correspondence.

Dear Ms. Smith:

As you are aware, I have received your letter of January 20. You asked that I review a resolution before the Mendon Town Board concerning minutes of its meetings. In brief, the resolution would, if adopted, determine the form, content and availability of minutes that you prepare as Town Clerk.

In my opinion, as clerk, you have the responsibility and the authority to prepare minutes and to ensure their accuracy. While a town board may have a variety of powers, I do not believe that the alteration of minutes or specific direction regarding their content or format would be among them. From my perspective, two statutes are relevant to the matter.

Perhaps most importantly, §30(1) of the Town Law states in relevant part that the town clerk "shall attend all meetings of the town board, act as clerk thereof, and keep a complete and accurate records of the proceedings of each meeting..." Second, the Open Meetings Law in §106 provides that:

"1. Minutes shall be taken at all open meetings of a public body which shall consist of a record or summary of all motions, proposals, resolutions and any other matter formally voted upon and the vote thereon.

2. Minutes shall be taken at executive sessions of any action that is taken by formal vote which shall consist of a record or summary of the final determination of such action, and the date and vote thereon, provided, however, that such summary need not include any matter which is not required to be made public by the Freedom of Information Law as added by article six of this chapter.

3. Minutes of meetings of all public bodies shall be available to the public in accordance with the provisions of the Freedom of Information Law within two weeks from the date of such meetings except that minutes taken pursuant to subdivision two hereof shall be available to the public within one week from the date of the executive session."

Based on the foregoing, minutes need not consist of a verbatim account of everything that was said; on the contrary, so long as the minutes include the kinds of information described in §106, I believe that they would be appropriate and meet legal requirements. Certainly if a clerk wants to include more information than is required by law, he or she may do so. Nevertheless, I do not believe that a town board could require that a town clerk prepare verbatim minutes.

In good faith, I point out that in an opinion issued by the State Comptroller, it was advised that when a member of a board requests that his statement be entered into the minutes, the board must determine, under its rules of procedure, whether the clerk should record the statement in writing, which would then be entered as part of the minutes (1980 Op.St.Comp. File #82-181). Despite that opinion, it is unclear from my perspective whether a board has the authority to compel a clerk to include information in minutes beyond the requirements of the Open Meetings
Law.

Although as a matter of practice, policy or tradition, many public bodies approve minutes of their meetings, there is nothing in the Open Meetings Law or any other statute of which I am aware that requires that minutes be approved. In another opinion of the State Comptroller, it was found that there is no statutory requirement that a town board approve minutes of a meeting, but that it was “advisable” that a motion to approve minutes be made after the members have had an opportunity to review the minutes (1954 Ops. St. Compt. File #609). While it may be “advisable” if not proper for a board to review minutes, due to the clear authority conferred upon town clerks under §30 of the Town Law, I do not believe that a town board can require that minutes be approved prior to disclosure.

Similarly, I do not believe that a board could require that disclosure of minutes be delayed in a manner inconsistent with the Open Meetings Law. In the event that minutes have not been reviewed or approved, to comply with the Open Meetings Law, it has consistently been advised that minutes be prepared and made available within two weeks, and that they be marked “unapproved”, “draft” or “preliminary”, for example. By so doing within the requisite time limitations, the public can generally know what transpired at a meeting; concurrently, the public is effectively notified that the minutes are subject to change.

In sum, the responsibility to prepare minutes is conferred upon town clerks by §30 of the Town Law. In my opinion, neither a town supervisor, a member of the board, nor the board itself may require that minutes be prepared verbatim, altered, maintained in particular format, or disclosed only after they have been approved.

I hope that I have been of some assistance.

Sincerely,

Robert J. Freeman
Executive Director

To Whom It May Concern,

(That would be all of us, hopefully.) Let’s consider how we might go back to having reasonable, well-ordered meetings. Maybe some of you read about them in Keith Parent’s recent letter to the Sun. In 2017 we had issues sensibly addressed. The board we had then deserves to be commended.

Is there some way any board member who is loud and disruptive, and who keeps repeating statements that have been proven to be untrue, could be impeached?

Also, if we want to save taxpayers’ hard-earned money by spending less on legal clerks and deputy clerks, warn about those who keep sending unnecessary
